Agda Studios Launches Summer Swimwear Collection

Featuring One-Piece Swimsuits, Bikini Bandeau Tops & the Jade & Ayla Black Bikini Set

Stockholm, Sweden

As beach season heats up, Agda Studios makes waves with the launch of its highly anticipated swimwear collection, crafted to embody the effortless balance between Nordic minimalism and modern Mediterranean flair. Designed with comfort, functionality, and timeless style in mind, the new range includes standout staples like the ultra-flattering **one-piece swimsuit**, the versatile **bikini bandeau top**, and the bold yet elegant **Jade & Ayla Black Bikini Set**.

Perfect for sun-soaked escapes, Agda's latest collection blends clean silhouettes with eco-conscious fabric choices, appealing to fashion-forward individuals who value both sustainability and design.

The One-Piece Redefined

Agda's new **one-piece swimsuit** is anything but basic. With its sleek cut, supportive lining, and sculpted fit, it's designed to move with you—from early morning dips to sunset walks along the shoreline. Whether layered with a linen cover-up or styled solo, this piece effortlessly transitions from swim to resort wear.

Elevated Essentials: The Bikini Bandeau Top

The **bikini bandeau top** offers a fresh take on beachside elegance. With a minimalist profile and secure support, it's a favorite among those who crave tan-line-free sunbathing without compromising on style. Paired with high-waisted or tie-side bottoms, it's as adaptable as it is flattering.

Spotlight: Jade & Ayla Black Bikini Set

Taking center stage is the **Jade & Ayla Black Bikini Set**, a bold statement in classic black with a Scandinavian edge. Designed for those who embrace confidence and sleek design, this set features a structured top and matching high-leg bottoms—perfect for everything from luxury resorts to spontaneous beach outings.

Sustainably Designed, Mindfully Made

With a growing demand for responsible fashion, Agda Studios continues its commitment to sustainable practices. Every piece in the collection is made using eco-friendly materials, offering premium quality with a lighter environmental footprint.

Availability

The new swimwear collection is available now exclusively at agdastudios.com, with select pieces

offered in limited drops to maintain exclusivity and reduce waste.
